## LOAN AGREEMENT

This LOAN AGREEMENT, dated as of August 6<sup>th</sup>, 2008 by and between the PUERTO RICO HIGHWAY AND TRANSPORTATION AUTHORITY (the "Authority" or the "Borrower") and the GOVERNMENT DEVELOPMENT BANK FOR PUERTO RICO (the "Bank" or the "Lender"),

### WITNESSETH

WHEREAS, the Authority is performing certain improvements to its facilities, which are included in its Construction Improvement Program for fiscal year 2009 (the "Program");

WHEREAS, the Authority needs an interim financing to continue the acquisition, construction, equipping, installation and development of certain additional improvements to the Authority's facilities included in the Program;

WHEREAS, the Bank is willing to provide such interim financing in an amount not to exceed ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000.00) in accordance with the terms and conditions herein below set forth; and

WHEREAS, the Authority proposed to repay this interim financing with the proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined;

WHEREAS, the Authority also has agreed that in case the PR-22 Operating and Management Agreement Process (PR-22 OMA) and other debt restructuring measures are not successfully implemented, or do not produce the projected benefits, it will implement the necessary increases in tolls to ensure compliance with bond indenture requirements and to allow repayment of the interim financing being authorized under this Resolution to protect the rating of its bonds;

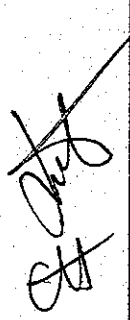

WHEREAS, the Lender has determined to finance the loan to the Borrower with the proceeds of the next bond issue to be made by the Authority;

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Subject to the terms and conditions contained herein, the Lender hereby agrees to provide the Borrower from time to time a non-revolving line of credit in an aggregate principal amount not to exceed **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)** for the purpose of financing costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of additional improvements to the Authority's facilities included in the Program, chargeable to the capital account of the Authority and included in the Program (the "Line of Credit"). Proceeds of the Loan will be used to pay such costs or to reimburse the Authority's Construction Fund, created and established under Resolution No. 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended, (the "1998 Resolution") (collectively, "the Resolutions"), for the payment of such costs. The Line of Credit shall be evidenced by a Note for the principal amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)**, subscribed on this same date by the Borrower and payable to the order of the Lender.
2. The Borrower may borrow the Loan in one or more drawings ("Drawings") only for the eligible purposes or concepts approved by Resolution EC-1697 adopted by the Bank's Board of Directors on June 9, 2008. The Borrower shall request each Drawing by written notice to the Lender, with at least three days notice prior to the Drawing, signed by the Borrower's Executive Director or any officer authorized by the Executive Director, including a description of the projects to be financed. The Lender shall fund the requested Drawing on the date requested in such notice (which must be a Banking Day). Notice of Drawing from the Borrower, once received by the Lender, shall be irrevocable. For the purposes of this Agreement, "Banking Day" means a day on which commercial banks are open for business in San Juan, Puerto Rico.
3. The principal amount of the Line of Credit shall mature and be due and payable on June 30, 2009. The Borrower hereby agrees to repay the outstanding aggregate principal amount of the Loan at the principal office of the Lender in San Juan, Puerto Rico, from proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined or with the proceeds of bonds to be issued by the Authority pursuant to the provisions of the respective sections of the Resolutions. If these sources were insufficient, the Borrower shall proceed in accordance with the provisions set forth in Paragraph 6. The maturity of the Loan only shall be extended by written consent of the President of the Bank, but in no event will the maturity of the Loan be extended beyond June 30, 2011. Each Drawing shall bear interest daily from the date such Drawing is made until its

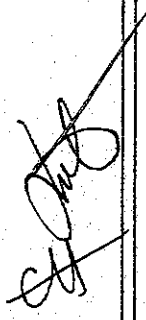

repayment at a variable rate of interest, which rate may be revised monthly, *per annum* equal to the Lender's cost of funding for tax-exempt or taxable variable rate loan transactions or the cost of any other obligations or source of funds used to fund the Loan. For purposes of the preceding sentence, the cost of funding shall mean the applicable cost of any source of funds used to fund the Loan, plus in either case, a required margin cost. Initially, this required margin cost will be equal to 150 basis points. The required margin cost may be revised from time to time by the Lender to such an extent that when added to the applicable cost of funds, the interest rate so determined and applicable to the Loan will provide for a total coverage of what the Lender determines to be its "all-inclusive" funding costs.

Interest shall be payable monthly in arrears not later than the tenth (10<sup>th</sup>) Banking Day (as defined herein) following receipt from the Bank of the statement referred to in the next sentence of this paragraph, from any available moneys of the Authority. Not later than the fifth (5<sup>th</sup>) Banking Day of each month the Bank shall furnish to the Authority a written statement showing the amount of interest due and payable by the Authority on the Line of Credit for the preceding month. The Authority may prepay the Line of Credit at any time without penalty or premium. The Line of Credit shall be junior and subordinate to outstanding bonds of the Authority and shall be subject to certain other terms and conditions, all as contained in this Loan Agreement.

- 
4. Payment of principal and interest on the Line of Credit shall be made in any coin or currency of the United States of America, which at the time of payment shall be legal tender for the payment of public and private debts.
  5. The Borrower covenants that it will acquire, construct, equip, install and develop the additional improvements to the Authority's facilities, the cost of which is being financed or refinanced from the Line of Credit in accordance with law and all requirements of all governmental authorities having jurisdiction in respect thereof, and that it will complete such construction with all expedition practicable, and that such buildings, structures, other facilities and improvements to be constructed will be built in accordance with plans and specifications which shall have been prepared by an architectural or engineering firm or corporation having a favorable reputé for skill and experience in such work; provided, however, that the Borrower may use its own staff of engineers and architects for the preparation of any such plan or specifications.
  6. The Authority hereby represents to the Bank that if the PR-22 Operating and Management Agreement process (the "PR-22 OMA") and other debt restructuring measures are not implemented successfully, or do not produce the projected benefits, it will implement the necessary increases in tolls to ensure compliance with

bond indenture requirements and to allow repayment of the Line of Credit authorized under Resolution No. 2008-31, adopted by the Secretary of Transportation and Public Works on June 27, 2008 to avoid affecting negatively the rating of its bonds issued by Standard and Poors' and Moody's Investors Services.

The Authority agrees to provide to the Bank monthly updates on the development of the Public and Private Partnership transaction on the PR-22 OMA. The Authority understands and accepts that monthly disbursements by the Bank will be contingent upon GDB's Board of Directors' satisfaction with the progress of the transaction and its probability of completion.

- 
7. The Authority pledges certain of its unencumbered assets, identified in *Exhibit A*, to guarantee repayment of the Line of Credit if the PR-22 OMA process is not successfully implemented, or if it does not produce the projected benefits, and/or if toll increases referred to above are not implemented as required. Furthermore, the Authority hereby pledges not to sell, transfer, encumber or in any way dispose of the properties specified in *Exhibit A* that guarantee repayment of this financing without obtaining prior written consent from the Bank. The Authority acknowledges and accepts that this is an essential condition for of the Line of Credit, and that it shall compensate the Bank for any damages or expenses incurred as a result of its failure to comply with this obligation. The Authority agrees to submit to the Bank current title search reports for each of the properties listed in *Exhibit A* within thirty (30) days after execution of the Loan Agreement.
  8. The Authority represents that, as of the date of execution of the Loan Agreement, the current total estimated value of the properties identified in *Exhibit A* is **Fifty Eight Million Seven Hundred Seventy Seven Thousand Six Hundred Eighty Seven Dollars (\$58,777,687)**. Disbursements to the Authority from the Line of Credit will be limited to eighty percent (80%) of this amount to allow for overvaluation in the estimated costs of the properties. Additional disbursements will be authorized by the Bank upon presentation by the Authority of other properties, with the corresponding representations, and will be subject to GDB's management acceptance.
  9. The Authority represents that, as of the date of this Loan Agreement, there is no pending or threatened litigation, claim or proceeding which would affect the title to the properties in *Exhibit A*, or the Authority's right to convey them to GDB, if necessary. The Authority certifies that it has not done, suffered or permitted, or agreed to sell, lease, encumber or grant any interest in the properties listed in *Exhibit A* in any form or manner whatsoever; has not performed or permitted any act or entered into any transaction which will diminish or otherwise affect GDB's guarantee in such properties or which will prevent the Authority's obligations under this Loan Agreement. The Authority also represents that the properties are

not encumbered by any lien related to a bond issue or lines of credit. Therefore, there are no restrictions whatsoever in this regard as to the future transfer of the properties to or for the use of the Bank, if necessary.

The Authority also has no knowledge or notice of: (i) any action or intended action of any agency of eminent domain, condemnation or affectation proceedings (including but not limited to any right of way reservations) by the Government of the United States, the Government of Puerto Rico or its municipalities which could limit in any way the use of the properties by the Bank, if necessary; any denial of permits which would prevent the construction in the properties; any widening, change of grade or limitation on the course of or access to or from such properties to other streets, roads or highways abutting the properties; or of any special levy, tax or assessment to be levied against such properties.

10. To the best of the Authority's knowledge, the properties included in *Exhibit A* are free of environmental problems or conditions, there are no Hazardous Substances in the properties, and it has not violated any Environmental Law in connection with its ownership and/or operation of the properties. The Authority agrees to indemnify GDB and hold GDB harmless for any and all damages caused to third parties as a result of Hazardous Substances existing in the properties listed in *Exhibit A* if any such claims were to be brought against the Bank while the Loan Agreement is in effect or until the date the properties are transferred to the Bank, if necessary.

- 
11. The Authority will review its Construction Improvement Program (CIP) to limit the number of projects in the Program to those funded with federal assistance moneys, those already contracted or under construction, and those with legislative appropriations. The Authority, prior to committing any resources for the construction of CIP projects, will certify to GDB that it has identified the source and availability of the funds for those projects, and obtain the prior consent of GDB for the use of said funds.

16. If there is no disbursement activity on the Line of Credit for a period of six months after its approval by the Bank, the Line of Credit will be canceled by the Lender.

June 30, 2009

PUERTO RICO HIGHWAY AND TRANSPORTATION AUTHORITY (hereinafter called the "Authority"), a public corporation and autonomous instrumentality of the Commonwealth of Puerto Rico, for value received hereby promises to pay, solely from the sources described in the Loan Agreement mentioned herein, to the order of Government Development Bank for Puerto Rico (the "Lender") at its principal office in San Juan, Puerto Rico, on June 30, 2009, subject to prepayment as set forth below, the principal sum of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000.00)** to the extent that such amount or any portion thereof has been borrowed by the Authority under the Loan Agreement (hereinafter defined) and remains unpaid. Such payment shall be made in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts. The Authority hereby agrees to repay the outstanding aggregate principal amount of the Loan at the principal office of the Lender in San Juan, Puerto Rico, from proceeds of bonds to be issued by the Authority pursuant to the provisions of Authority's Construction Fund, created and established under Resolution No. 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended, (the "1998 Resolution") (collectively, "the Resolutions"), or with the proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined. If these measures are not implemented successfully, or do not produce the projected benefits, the Authority will implement the necessary increases in tolls for the repayment of the Line of Credit.

Each Drawing shall bear interest daily until paid in full from the date such Loan is made until its repayment at a variable rate of interest, which rate may be revised monthly, per annum equal to the Lender's cost of funding for taxable variable rate loan transactions or the cost of any other obligations or source of funds used to fund the Loan. For purposes of the preceding sentence, the cost of funding shall mean the applicable cost of any source of funds used to fund the Loan, plus in either case, a required margin cost. Initially, this required margin cost will be equal to 150 basis points. The required margin cost may be revised from time to time by the Lender to such an extent that when added to the applicable cost of funds, the interest rate so determined and applicable to the Loan will provide for a total coverage of what the Lender determines to be its "all-inclusive" funding costs. Interest shall be payable monthly in arrears not later than the tenth Banking Day following receipt from the Lender of the statement referred below, from any available moneys of the Authority. Not later than the fifth (5<sup>th</sup>) Banking Day of each month the Bank shall furnish to the Authority a written statement showing the amount of interest due and payable by the Authority on the Loan for the preceding month. The Authority may prepay the Line of Credit at any time without penalty or premium. This Note is issued pursuant to a Loan Agreement between the Authority and the Lender subscribed on this same date.

The Authority waives the requirement of demand, presentment, protest, notice of dishonor, and, in general, any other legal formality.

If the Authority defaults in making any payment when due under this Note, the Lender may declare this Note to be immediately due and payable.

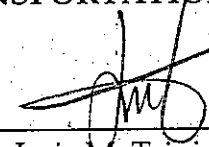

In case of recourse to the courts by the Lender in order to collect the whole or any portion of the principal or interest due under this Note, the Administration agrees to pay a liquidated sum equal to 10% of the principal sum of this Note to cover expenses of such proceedings, court costs, disbursements and attorney's fees, which amount will become immediately due and payable upon the filing of such judicial proceedings.

All acts, conditions and things required by the Puerto Rican Federal Relations Act and the Constitution and Laws of the Commonwealth of Puerto Rico to happen, exist, and be performed precedent to and in the issuance of this Note have happened, exist and have been performed as so required. This Note shall be construed in accordance with the laws of the Commonwealth of Puerto Rico.

## FIRST AMENDMENT TO LOAN AGREEMENT

This **FIRST AMENDMENT TO LOAN AGREEMENT**, dated as of September 30<sup>th</sup>, 2008 by and between the **PUERTO RICO HIGHWAY AND TRANSPORTATION AUTHORITY** (the "Authority" or the "Borrower") and the **GOVERNMENT DEVELOPMENT BANK FOR PUERTO RICO** (the "Bank" or the "Lender"),

### WITNESSETH

WHEREAS, pursuant to the terms and conditions of the Loan Agreement dated as of August 6<sup>th</sup>, 2008 (the "Loan Agreement") by and between the Borrower and the Lender, the Lender provided the Borrower interim financing in an amount not to exceed **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS** (\$147,113,000.00) to finance certain costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of improvements to the Authority's facilities included in its Construction Improvement Program for fiscal year 2009 (the "Program"); and

WHEREAS, the Authority has requested that the Bank authorize an amendment to the line of credit of \$147,113,000 in order to use up to \$25,000,000 for operational expenses;

WHEREAS, the Authority has represented to the Bank, as stated in Resolution No. 2008-43 adopted by the Authority on September 11, 2008, that such request is warranted because its actual income is \$27,790,000 below projected income due to increases in the costs of petroleum; operational costs of the train and highways exceed projections; and because of an increase of \$500,000 in the monthly debt service;

WHEREAS, the Authority also has represented in its Resolution No. 2008-43, and in accordance with Resolution No. 8933 adopted by the Board of Directors of the Bank on August 20, 2008, that it will implement immediately the necessary measures to maintain its operational expenses below the present level for the forecasted period (2009-2013).

WHEREAS, the Bank authorized the requested amendment to the Authority's \$147,113,000 Line of Credit, as approved by Resolution 8933.

WHEREAS, the parties agree to amend the Loan Agreement to allow the Authority to use a maximum of \$25,000,000 of the \$147,113,000 Line of Credit for operational expenses.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Paragraph one (1) of the Loan Agreement is amended to read as follows:

"Subject to the terms and conditions contained herein, the Lender hereby agrees to provide the Borrower from time to time a non-revolving line of credit in an aggregate principal amount not to exceed **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND**

DOLLARS (\$147,113,000) for the purpose of financing costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of additional improvements to the Authority's facilities included in the Program, chargeable to the capital account of the Authority and included in the Program (the "Line of Credit"). Proceeds of the Loan will be used to pay such costs or to reimburse the Authority's Construction Fund, created and established under Resolution No. 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended, (the "1998 Resolution") (collectively, "the Resolutions"), for the payment of such costs. Notwithstanding the above, proceeds of the Loan, in an amount not to exceed **TWENTY FIVE MILLION DOLLARS (\$25,000,000)**, also may be used by the Authority for operational expenses, as set forth in Resolution No. 2008-43 adopted by the Authority on September 11, 2008. The Line of Credit shall be evidenced by a Note for the principal amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)**, subscribed on this same date by the Borrower and payable to the order of the Lender."

2. Paragraph two (2) of the Loan Agreement is amended as follows:

"The Borrower may borrow the Loan in one or more drawings ("Drawings") only for the eligible purposes or concepts approved by Resolution EC-1697 adopted by the Bank's Board of Directors on June 9, 2008 and by Resolution 8933 adopted by the Bank's Board of Directors on August 20, 2008. The Borrower shall request each Drawing by written notice to the Lender, with at least three days notice prior to the Drawing, signed by the Borrower's Executive Director or any officer authorized by the Executive Director, including a description of the projects to be financed or whether the funds will be used for operational expenses as set forth in this Agreement. The Lender shall fund the requested Drawing on the date requested in such notice (which must be a Banking Day). Notice of Drawing from the Borrower, once received by the Lender, shall be irrevocable. For the purposes of this Agreement, "Banking Day" means a day on which commercial banks are open for business in San Juan, Puerto Rico."

3. Paragraph six (6) of the Loan Agreement is amended as follows:

"The Authority hereby represents to the Bank that if the PR-22 Operating and Management Agreement process (the "PR-22 OMA") and other debt restructuring measures are not implemented successfully, or do not produce the projected benefits, it will implement the necessary increases in tolls to ensure compliance with bond indenture requirements and to allow repayment of the Line of Credit authorized under Resolution No. 2008-31, adopted by the Secretary of Transportation and Public Works on June 27, 2008 to avoid affecting negatively the rating of its bonds issued by Standard and Poors' and Moody's Investors Services.

The Authority agrees to provide to the Bank monthly updates on the development of the Public and Private Partnership transaction on the PR-22 OMA. The Authority understands and accepts that monthly disbursements by the Bank will be contingent upon GDB's Board of Directors' satisfaction with the progress of the transaction and its probability of completion.

The Authority at its discretion, may repay the portion of the Line of Credit that will be used for operational expenses, as authorized by GDB's Board of Directors, from non-exempt bond issues if the sources mentioned in Paragraph 3 or those included herein were insufficient to pay the outstanding amounts.

WHEREAS, the parties agree to amend the Loan Agreement to allow the Authority to incorporate as *Exhibit B* the list of properties mentioned in the above paragraph, and to increase disbursements to a maximum eighty percent (80%) of Eighty Six Million Seven Hundred Forty Nine Thousand Five Hundred Eighty Seven Dollars (\$86,749,587) in accordance with the provisions included in paragraph eight (8) of the Loan Agreement.

Furthermore, the Authority hereby pledges not to sell, transfer, encumber or in any way dispose of the properties specified in *Exhibits A* and *B* that guarantee repayment of this

financing without obtaining prior written consent from the Bank. The Authority acknowledges and accepts that this is an essential condition for of the Line of Credit, and that it shall compensate the Bank for any damages or expenses incurred as a result of its failure to comply with this obligation. The Authority agrees to submit to the Bank current title search reports for each of the properties listed in *Exhibit A* within thirty (30) days after execution of the Loan Agreement. The Authority also represents that the properties are not encumbered by any lien related to a bond issue or lines of credit. Therefore, there are no restrictions whatsoever in this regard as to the future transfer of the properties to or for the use of the Bank, if necessary.

The Authority also has no knowledge or notice of: (i) any action or intended action of any agency of eminent domain, condemnation or affectation proceedings (including but not limited to any right of way reservations) by the Government of the United States, the Government of Puerto Rico or its municipalities which could limit in any way the use of the above mentioned

properties by the Bank, if necessary; any denial of permits which would prevent the construction in the properties; any widening, change of grade or limitation on the course of or access to or from such properties to other streets, roads or highways abutting the properties; or of any special levy, tax or assessment to be levied against such properties."

The Authority agrees to indemnify the Bank and hold the Bank harmless for any and all damages caused to third parties as a result of Hazardous Substances existing in the properties listed in *Exhibits A* and *B* if any such claims were to be brought against the Bank while the Loan Agreement is in effect or until the date the properties are transferred to the Bank, if necessary."

**NOW, THEREFORE**, in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties execute this Amended and Restated Loan Agreement, to restate in one sole document the terms and conditions of the Loan Agreement, as amended, to extend to September 30, 2010 the maturity date of the Loan, and incorporate certain additional conditions related to the agreed extension of the maturity of the Loan, , as follows:

- 
- 
1. Subject to the terms and conditions contained herein, the Lender provided to Borrower a non-revolving line of credit in an aggregate principal amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)** for the purpose of financing costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of additional improvements to the Authority's facilities included in the Program, chargeable to the capital account of the Authority and included in the Program (the "Line of Credit"). Proceeds of the Loan were to be used to pay such costs or to reimburse the Authority's Construction Fund, created and established under Resolution No. 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended, (the "1998 Resolution") (collectively, "the Resolutions"), for the payment of such costs. Notwithstanding the above, proceeds of the Loan, in an amount not to exceed **TWENTY FIVE MILLION DOLLARS (\$25,000,000)**, were authorized to be used by the Authority for operational expenses, as set forth in Resolution No. 2008-43 adopted by the Authority on September 11, 2008. The Line of Credit is evidenced by a Note for the principal amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)**, subscribed on August 6, 2008 by the Borrower and payable to the order of the Lender.
  2. The Borrower was authorized to borrow the Loan in one or more drawings ("Drawings") only for the eligible purposes or concepts approved by Resolution EC-1697 adopted by the Bank's Board of Directors on June 9, 2008 and by Resolution 8933 adopted by the Bank's Board of Directors on August 20, 2008, as follows. The Borrower shall request each Drawing by written notice to the

Lender, with at least three days notice prior to the Drawing, signed by the Borrower's Executive Director or any officer authorized by the Executive Director, including a description of the projects to be financed or whether the funds will be used for operational expenses as set forth in this Agreement. The Lender shall fund the requested Drawing on the date requested in such notice (which must be a Banking Day). Notice of Drawing from the Borrower, once received by the Lender, shall be irrevocable. For the purposes of this Agreement, "Banking Day" means a day on which commercial banks are open for business in San Juan, Puerto Rico.

3. The principal amount of the Line of Credit shall mature and be due and payable on September 30, 2010. The Borrower hereby agrees to repay the outstanding aggregate principal amount of the Loan at the principal office of the Lender in San Juan, Puerto Rico, from proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined or with the proceeds of bonds to be issued by the Authority pursuant to the provisions of the respective sections of the Resolutions. If these sources were insufficient, the Borrower shall proceed in accordance with the provisions set forth in Paragraph 6 and 7. The maturity of the Loan only shall be extended by written consent of the President of the Bank, but in no event will the maturity of the Loan be extended beyond June 30, 2011. The Loan shall bear interest daily until its repayment at a rate of interest to be determined by the President of Lender or his designee, discretionarily, depending on the interest rate market. The Authority will also pay Lender the amount of \$183,891.25 as renewal fee.

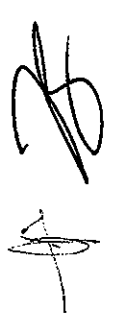

Interest shall be payable monthly in arrears not later than the tenth (10<sup>th</sup>) Banking Day (as defined herein) following receipt from the Bank of the statement referred to in the next sentence of this paragraph, from any available moneys of the Authority. Not later than the fifth (5<sup>th</sup>) Banking Day of each month the Bank shall furnish to the Authority a written statement showing the amount of interest due and payable by the Authority on the Line of Credit for the preceding month. The Authority may prepay the Line of Credit at any time without penalty or premium. The Line of Credit shall be junior and subordinate to outstanding bonds of the Authority and shall be subject to certain other terms and conditions, all as contained in this Loan Agreement.

- 
- 
4. Payment of principal and interest on the Line of Credit shall be made in any coin or currency of the United States of America, which at the time of payment shall be legal tender for the payment of public and private debts.
  5. The Borrower covenants that it will acquire, construct, equip, install and develop the additional improvements to the Authority's facilities, the cost of which is being financed or refinanced from the Line of Credit in accordance with law and all requirements of all governmental authorities having jurisdiction in respect thereof, and that it will complete such construction with all expedition practicable, and that such buildings, structures, other facilities and improvements to be constructed will be built in accordance with plans and specifications which shall have been prepared by an architectural or engineering firm or corporation having a favorable reputé for skill and experience in such work; provided, however, that the Borrower may use its own staff of engineers and architects for the preparation of any such plan or specifications.
  6. The Authority hereby represents to the Bank that if the PR-22 Operating and Management Agreement process (the "PR-22 OMA") and other debt restructuring measures are not implemented successfully, or do not produce the projected benefits, it will implement the necessary increases in tolls to ensure compliance with bond indenture requirements and to allow repayment of the Line of Credit authorized under Resolution No. 2008-31, adopted by the Secretary of Transportation and Public Works on June 27, 2008 to avoid affecting negatively the rating of its bonds issued by Standard and Poors' and Moody's Investors Services.

The Authority agrees to provide to the Bank monthly updates on the development of the Public and Private Partnership transaction on the PR-22 OMA. The Authority understands and accepts that monthly disbursements by the Bank will be contingent upon GDB's Board of Directors' satisfaction with the progress of the transaction and its probability of completion.

The Authority at its discretion, may repay the portion of the Line of Credit that will be used for operational expenses, as authorized by GDB's Board of Directors, from non-exempt bond issues if the sources mentioned in Paragraph 3 or those included herein are insufficient to pay the outstanding amounts.

- 
7. The Authority pledges certain of its unencumbered assets, identified in *Exhibits A and B*, and the funds generated by the *Tren Urbano* operations to guarantee repayment of the Line of Credit, if the PR-22 OMA process is not successfully implemented, or if it does not produce the projected benefits, and/or if toll increases referred to above are not implemented as required. Furthermore, the Authority hereby pledges not to sell, transfer, encumber or in any way dispose of the properties specified in *Exhibits A and B* that guarantee repayment of this financing without obtaining prior written consent from the Bank. The Authority acknowledges and accepts that this is an essential condition of the Line of Credit, and that it shall compensate the Bank for any damages or expenses incurred as a result of its failure to comply with this obligation. The Authority agreed to submit to the Bank current title search reports for each of the properties listed in *Exhibit A* within thirty (30) days after execution of the Loan Agreement. Furthermore, the Authority agreed to submit to the Bank current title search reports for each of the properties listed in *Exhibit B* within thirty (30) days after execution of the Second Amendment to Loan Agreement.
8. The Authority represents that, as of the date of execution of the Loan Agreement, the current total estimated value of the properties identified in *Exhibit A* is **Fifty Eight Million Seven Hundred Seventy Seven Thousand Six Hundred Eighty Seven Dollars (\$58,777,687)**. The Authority also represents that, as of the date of execution of the Second Amendment to Loan Agreement, the current total estimated value of the properties identified in *Exhibit B* is **Twenty Seven Million Nine Hundred Seventy One Thousand Nine Hundred Dollars (\$27,971,900)**. Disbursements to the Authority from the Line of Credit will be limited to eighty percent (80%) of the total amount of **Eighty Six Million Seven Hundred Forty Nine Thousand Five Hundred Eighty Seven Dollars (\$86,749,587)** to allow for overvaluation in the estimated costs of the properties. Because the Authority has pledged the funds generated by the *Tren Urbano* operations as an additional guarantee for repayment of the Line of Credit, disbursements will be authorized by the Bank upon presentation by the Authority of other properties, with the corresponding representations, and will be subject to GDB's management acceptance, or by the Authority's request for the purposes established in the Loan Agreement.
9. The Authority represents that, as of the date of the Loan Agreement and of the Second Amendment to Loan Agreement, there was no pending or threatened litigation, claim or

proceeding, which representation is accurate to date, which would affect the title to the properties in *Exhibits A and B*, or the Authority's right to convey them to GDB, if necessary. The Authority certifies that it has not done, suffered or permitted, or agreed to sell, lease, encumber or grant any interest in the properties listed in *Exhibits A and B* in any form or manner whatsoever; has not performed or permitted any act or entered into any transaction which will diminish or otherwise affect GDB's guarantee in such properties or which will prevent the Authority's obligations under this Amended and Restated Loan Agreement. The Authority also represents that the properties are not encumbered by any lien related to a bond issue or lines of credit. Therefore, there are no restrictions whatsoever in this regard as to the future transfer of the properties to or for the use of the Bank, if necessary.

The Authority also has no knowledge or notice of: (i) any action or intended action of any agency of eminent domain, condemnation or affectation proceedings (including but not limited to any right of way reservations) by the Government of the United States, the Government of Puerto Rico or its municipalities which could limit in any way the use of the above mentioned properties by the Bank, if necessary; any denial of permits which would prevent the construction in the properties; any widening, change of grade or limitation on the course of or access to or from such properties to other streets, roads or highways abutting the properties; or of any special levy, tax or assessment to be levied against such properties.

- 
- 
10. To the best of the Authority's knowledge, the properties included in *Exhibits A and B* are free of environmental problems or conditions, there are no Hazardous Substances in the properties, and it has not violated any Environmental Law in connection with its ownership and/or operation of the properties. For purposes of this paragraph, "Hazardous Substances" shall mean any hazardous or toxic chemical, waste, byproduct, pollutant, contaminant, compound, product or substance, including, without limitation, asbestos, polychlorinated biphenyls, petroleum (including crude oil or any fraction or by-product thereof), and any material the exposure to, or manufacture, possession, presence, use, generation, storage, transportation, treatment, release, disposal, abatement, cleanup, removal, remediation or handing of which is prohibited, controlled or regulated by any Environmental Law. "Environmental Law" shall mean any federal, state, regional, county or local

government statute, law, regulation, ordinance, order or code or any consent decree, judgment, permit, license, code, covenant, deed restriction, common law, or other requirement now or hereinafter enacted, pertaining to protection of the environment, health or safety of persons, natural resources, conservation, wildlife, waste management, and pollution (including, without limitation, regulation of releases and disposals to air, land, water and ground water), including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended by the Superfund Amendments and Reauthorization Act of 1986, 42 U.S.C. 9601 *et seq.*, Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976 and Solid and Hazardous Waste Amendments of 1984, 42 U.S.C. 6901 *et seq.*, Federal Water Pollution Control Act, as amended by the Clean Water Act of 1977, 33 U.S.C. 1251 *et seq.*, Clean Air Act of 1966, as amended, 42 U.S.C. 7401 *et seq.*, Toxic Substances Control Act of 1976, 15 U.S.C. 2601 *et seq.*, Occupational Safety and Health Act of 1970, as amended, 29 U.S.C. 651 *et seq.*, Emergency Planning and Community Right-to-Know Act of 1986, 42 U.S.C. 11001 *et seq.*, National Environmental Policy Act of 1975, 42 U.S.C. 300(f) *et seq.*, and all amendments, as well as any similar state or local statute or code and replacements of any of the same and rules, regulations, guidance documents and publications promulgated thereunder.

The Authority agrees to indemnify the Bank and hold the Bank harmless for any and all damages caused to third parties as a result of Hazardous Substances existing in the properties listed in *Exhibits A and B* if any such claims were to be brought against the Bank while the Loan Agreement is in effect or until the date the properties are transferred to the Bank, if necessary.

11. The Authority will review its Construction Improvement Program (CIP) to limit the number of projects in the Program to those funded with federal assistance moneys, those already contracted or under construction, and those with legislative appropriations. The Authority, prior to committing any resources for the construction of CIP projects, will certify to GDB that it has identified the source and availability of the funds for those projects, and obtain the prior consent of GDB for the use of said funds.

### RESOLUTION EC-1697

**TO AUTHORIZE A LINE OF CREDIT OF \$147,113,000 TO THE PUERTO RICO HIGHWAY AND TRANSPORTATION AUTHORITY TO PAY COSTS INCURRED OR TO BE INCURRED IN THE ACQUISITION, CONSTRUCTION, EQUIPPING, INSTALLATION AND DEVELOPMENT OF THE AUTHORITY'S FACILITIES AND AUTHORIZING RELATED ACTION IN CONNECTION THEREWITH.**

**WHEREAS**, the Puerto Rico Highway and Transportation Authority (the "Authority") has requested to the Government Development Bank for Puerto Rico (the "Bank") financing in an aggregate amount of \$147,113,000 to pay costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of certain additional improvements to the Authority's facilities included in its Construction Improvement Program for fiscal year 2009 (the "Project");

**WHEREAS**, the Authority proposed to repay this interim financing with the proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined;

**WHEREAS**, the Bank is willing to provide such financing, in an amount not to exceed \$147,113,000 in accordance with the terms and conditions herein below set forth, which the Bank understands will be enough to cover the immediate and urgent need of funds of the Authority; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Government Development Bank for Puerto Rico as follow:

1. Financing for the benefit of the Authority in an amount of \$147,113,000, which purpose is the financing of costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of improvements to the facilities chargeable to the capital account of the Authority is hereby authorized (the "Loan"). Proceeds of the Loan will be used to pay such costs or to reimburse the Authority's Construction Fund, created and established under Resolution 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended (the "1998 Resolution") (collectively, the "Resolutions"), for the payment of such costs.
2. The principal amount of the Loan shall mature and be due and payable on June 30, 2009. Said principal amount shall be payable from proceeds of bonds to be issued by the Authority pursuant to the provisions of the respective sections of the Resolutions, or with the proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined. The President of the Bank is hereby authorized to extend further, if necessary, the maturity date of the Loan from time to time, but in no event will the maturity of the Loan be extended beyond June 30, 2011. The Loan shall bear interest until paid in full at a rate or rates per annum determined in accordance with the Loan Agreement, to be entered by and between the Bank and the Authority (the "Loan Agreement"). Interest shall be payable monthly in arrears not later than the tenth Banking Day (as defined in the Loan Agreement) following receipt from the Bank of the statement referred to in the next sentence of this paragraph, from any available moneys of the Authority. Each month the Bank shall furnish to the Authority a written statement showing the amount of interest due and payable by the Authority on the Loan for the preceding month. The Authority may prepay the Loan at any time without penalty or premium. The Loan shall be junior and subordinate to outstanding bonds of the Authority and shall be subject to certain other terms and conditions, to be included in the Loan Agreement.
3. The financing is subject to the following conditions:
  - a) The Authority will provide a guarantee to the effect that in the case the PR-22 Operating and Management Agreement Process (PR-22 OMA) and other debt restructuring measures are not successfully implemented, or do not produce the projected benefits, it will implement the necessary increases in tolls to ensure compliance with bond indenture requirements and to allow repayment of the interim financing being authorized under this Resolution to protect the rating of its bonds.

- b) The Authority will formally pledge in the legal documents evidencing this financing unencumbered assets (ie.: lands, buildings, etc.) to guarantee repayment of this financing should the PR-22 OMA process not be successfully implemented, or does not produce the projected benefits, and/or toll increases referred to above are not implemented as required. Prior to the closing, the Authority will be submitting to GDB a list of properties offered as guarantee with the corresponding estimated value and environmental guarantees for the corresponding evaluation and acceptance by GDB's management. Disbursements will be limited to the value of the properties presented by the Authority and upon the Bank's acceptance.
- c) Submit to the GDB's Board of Directors monthly updates on the progress of the Public and Private Partnership transaction on PR-22. Monthly disbursements will be contingent upon GDB's Board satisfaction with the progress of the transaction and its probability of completion.
- d) The Authority will review its Construction Improvement Program (CIP) to limit the number of projects in the Program to those funded with federal assistance moneys, those already contracted or under construction and those with legislature funding. The Authority, prior to commit any resources in the construction of project, will certify to GDB having identified the source and availability of the funds for those projects and obtain the consent of GDB for the use of said funds.
- e) The Authority will perform an analysis of its operational expenses to reduce said expenses within its forecasted period. The Authority will immediately implement the necessary measures to maintain its annual operational expenses below the present level for the forecasted period (2009-2013).
- f) The execution and delivery by the President, the Executive Vice President, any Senior Vice President, or any Vice President of the Bank, of the Loan Agreement by and between the Bank and the Authority are hereby authorized. Upon the execution and delivery of the Loan Agreement, the Authority shall execute a note in the principal amount of the Loan.
- g) If there is no disbursement activity on this additional loan for a period of six months after its approval by the Board of Director of the Bank, the loan shall be cancelled automatically.

The provisions of this Resolution shall become effective immediately upon its adoption.

**WITNESSETH**

**WHEREAS**, pursuant to a Loan Agreement dated as of August 6, 2008 (the "Loan Agreement"), Lender provided Borrower an interim financing in the form of a Line of Credit for the maximum amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)** to finance costs incurred or to be incurred in the acquisition, construction, equipping, installation and development of improvements included in the Authority's Construction Improvement Program for fiscal year 2009 (the "Loan" or the "Line of Credit");

**WHEREAS**, the Loan was evidenced by a Promissory Note payable to the order of the Bank on June 30, 2009, issued on the same date as the Loan Agreement, for the amount of **ONE HUNDRED FORTY SEVEN MILLION ONE HUNDRED THIRTEEN THOUSAND DOLLARS (\$147,113,000)**;

**WHEREAS**, on October 16, 2008, a Third Amendment to Loan Agreement was executed by Borrower and Lender to provide for the use of funds generated by the *Tren Urbano* operation as additional guarantee for repayment of the Loan;

**WHEREAS**, on October 30, 2009, an Amended and Restated Loan Agreement was executed by Borrower and Lender to restate in one sole document the terms and conditions of the Loan Agreement, as amended, to extend the maturity date of the Loan to September 30, 2010, and to incorporate certain additional conditions related to the agreed extension of the maturity of the Loan. A corresponding First Allonge to Promissory Note was subscribed by the Borrower on the same date.

**WHEREAS**, on October 8, 2010, a First Amendment to Amended and Restated Loan Agreement was executed by Borrower and Lender to extend the maturity date of the Loan to June 30, 2011, to modify interest to a daily accrual until repayment of the

**WHEREAS**, pursuant to Resolution Number 2012-28 issued by the Secretary of Transportation and Public Works on June 26, 2012, the Borrower accepted the conditions required by the Lender to extend the maturity date of the Loan, increase the maximum amount permitted to be outstanding under the Loan Agreement, and establish the payment of interest at the maturity of the Loan, subject to certain conditions;

**NOW, THEREFORE**, in consideration to the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Paragraph number 1 of the Amended and Restated Loan Agreement, as amended by the First and Second Amendments to Amended and Restated Loan Agreement, is further amended to read as follows:

"Subject to the terms and conditions contained herein, the Lender provided to Borrower a non-revolving line of credit in an aggregate principal amount of **ONE HUNDRED FIFTY SIX MILLION NINE HUNDRED SEVEN THOUSAND NINE HUNDRED TWENTY THREE DOLLARS AND SEVENTY ONE CENTS (\$156,907,923.71)**, including the capitalization of accrued interest up to January 31, 2013 (\$9,749,321.92) plus the corresponding financial advisory fees (\$45,601.79), for the purpose of financing costs incurred or to be incurred in the

acquisition, construction, equipping, installation and development of additional improvements to the Authority's facilities included in the Program, chargeable to the capital account of the Authority and included in the Program (the "Line of Credit"). Proceeds of the Loan were to be used to pay such costs or to reimburse the Authority's Construction Fund, created and established under Resolution No. 68-18, adopted by the Authority on June 13, 1968, as amended, (the "1968 Resolution"), or the Authority's Construction Fund created and established under Resolution 98-06 adopted by the Authority on February 26, 1998, as amended, (the "1998 Resolution") (collectively, "the Resolutions"), for the payment of such costs. Notwithstanding the above, proceeds of the Loan, in an amount not to exceed **TWENTY FIVE MILLION DOLLARS (\$25,000,000)**, were authorized to be used by the Authority for operational expenses, as set forth in Resolution No. 2008-43 adopted by the Authority on September 11, 2008. The Line of Credit is evidenced by a Note for the principal amount of **ONE HUNDRED FIFTY SIX MILLION NINE HUNDRED SEVEN THOUSAND NINE HUNDRED TWENTY THREE DOLLARS AND SEVENTY ONE CENTS (\$156,907,923.71)**, subscribed on August 6, 2008 by the Borrower and payable to the order of the Lender."

2. Paragraph number 2 of the Amended and Restated Loan Agreement, as amended by the First and Second Amendments to Amended and Restated Loan Agreement, is deleted in its entirety and replaced with the following:

"The Borrower will request the funds in one or more drawings ("Drawings") only for the purposes above mentioned. The Borrower shall request each Drawing by written notice to the Lender and signed by any authorized officer of the Borrower with at least three (3) Banking Days before such Drawing. Borrower shall use the Notice of Drawing Form included as **Exhibit C** to request each Drawing. Notice of Drawing from the Borrower, once received by the Lender, shall be irrevocable. For the purposes of this Loan Agreement, "Banking Day" means a day on which commercial banks are open for business in San Juan, Puerto Rico."

3. Paragraph number 3 of the Amended and Restated Loan Agreement, as amended by the First and Second Amendments to Amended and Restated Loan Agreement, is deleted in its entirety and replaced with the following:

"The principal amount of the Line of Credit shall mature and be due and payable on January 31, 2013. The Borrower hereby agrees to repay the outstanding aggregate principal amount of the Loan at the principal office of the Lender in San Juan, Puerto Rico, from proceeds of the Operational Management Agreement for the Private/Public Partnership on Highway PR-22 to be entered by the Authority with a third party yet to be determined or with the proceeds of bonds to be issued by the Authority pursuant to the provisions of the respective sections of the Resolutions. If these sources were insufficient, the Borrower shall proceed in accordance with the provisions set forth in Paragraph 6 and 7.

The Loan shall bear interest daily until its repayment at a variable rate of interest per annum equal to *Prime Rate* plus 150 basis points, as determined from time to time in good faith by the Lender, or, upon written notice to the Borrower, which interest rate may be revised periodically, equal to the Lender's cost of funding for variable rate loan transactions or the cost of any other obligations or source of funds used to fund the Loan. For the purposes of this Loan Agreement, such interest rate shall not exceed twelve (12) percent and shall not be less than six (6) percent. Interest shall be calculated on the basis of a 360-day year of twelve 30-day months. Interest for any period of less than one calendar month shall be calculated on the basis of the actual number of days elapsed during that month. Interest shall be payable at maturity of the Loan.

The Authority may prepay the Line of Credit at any time without penalty or premium. The Line of Credit shall be junior and subordinate to outstanding bonds of the Authority and shall be subject to certain other terms and conditions, all as contained in this Loan Agreement.

The President of the Bank or the duly authorized Executive Vice President of the Bank may modify the interest rate at anytime at their full discretion, depending on the interest rate market."

4. Pursuant to this Third Amendment to Amended and Restated Loan Agreement (the "Third Amendment"), a Fourth Allonge to Promissory Note shall be executed by the Authority on this date, and it will be attached to the Promissory Note, as amended by the First, Second and Third Allonges to Promissory Note, with the purposes of incorporating to said Promissory Note the agreements and amendments herein contained.

5. If the Borrower fails to pay the principal amount of the Loan when it becomes due and payable, or does not pay interest when due, the Lender may, at its sole option, without notice to Borrower and to the fullest extent allowed by law, set off and apply against the Loan any other available moneys (including deposits of any kind) of the Borrower held by the Lender against any such unpaid principal amount or unpaid accrued interest.

6. The Line of Credit shall not be used for new or additional disbursements unless it is increased or reactivated in the future by means of an authorization of the Board of Directors of the Bank or of its Executive Committee.

7. If such new or additional disbursements are duly authorized, the parties furthermore agree that the Lender reserves the right to request any additional information needed prior to processing any disbursements from the Line of Credit including, but not limited to, copies of invoices.

8. The Borrower agrees to pay to the Lender for this transaction a financial advisory fee in the amount of **Forty Five Thousand Six Hundred One Dollars and Seventy Nine Cents (\$45,601.79)**.

9. This Third Amendment does not constitute a novation of the obligations set forth in the Amended and Restated Loan Agreement, as amended, and all provisions of such Amended and Restated Loan Agreement, not inconsistent with this Third Amendment, shall remain in full force and effect.

10. This Third Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same agreement.

11. In the event that any provision of this Third Amendment is declared to be void of unenforceable, the remainder of this Third Amendment shall not be affected thereby and shall remain in full force and effect to the extent feasible in the absence of the void and unenforceable declaration.

12. The President of the Bank, the Executive Vice President of Financing or any duly designated Vice President, are authorized to negotiate any other term or condition necessary in relation to the extension or renewal of this Loan, in order to safeguard the best interests of the Bank.
